Senior Secondary	CBSE Board	71.2%	2020
Secondary	CBSE Board	71%	2018

EXPERIENCE

Dabotics pvt Limited   *July. 2023 - Aug. 2023*
Frontend Intern   Remote
- Developed a Netflix clone using frontend technologies such as HTML, CSS, and JavaScript.
- Designed and implemented a responsive user interface, mirroring the layout and functionality of the popular streaming platform.

PROJECTS

Movie Api:
- Developed a Movie API project using React and Redux, integrating a movie database API to fetch and display movie data dynamically. Implemented Redux for efficient state management, ensuring seamless data flow between components.
- Designed user-friendly interfaces with React components for browsing movies, searching by title or genre, and displaying movie details.
- Tools technologies used: HTML, CSS , JavaScript, Bootstrap , React.js.

Coin Change: Simplified currency converter Experience.
- Crafted a gateway to effortless currency conversion. With an intuitive interface and seamless functionality.
- Streamlined the intricate currency conversion process into an intuitive and user-friendly interface, simplifying complexities and time spent on currency transactions.
- Deployed robust validation mechanisms to guarantee precise data input, reducing inaccuracies and optimizing the overall conversion experience.
- Tools technologies used: HTML, CSS, JavaScript, Bootstrap.

Ecommerce Website
- The purpose of website is to help customers narrow down their broad ideas and enable them to finalize the products they want to purchase.
- Designed user-friendly interfaces with React components for browsing movies, searching by title or genre, and displaying movie details
- Tools used: HTML, CSS , JavaScript, Bootstrap .

TECHNICAL SKILLS
